Safety & Health Guidelines

08/16/2022

Please read this carefully...it may save you and us some time.

To anyone entering our office, our goal is not only to provide you with a high-quality professional service, but to keep everyone safe and healthy. If you are not feeling well the day of your appointment, please drop off your tax information before your appointment (see bullets below). Please remember we are a small business; our co-workers and clients are like family members to us; please be honest.

Important things to be aware of:

- Hand sanitizer is available at several areas in the office.
- Office will be disinfected after each client visit.

Clients who choose to have a person-to-person appointment:

- Please do not bring children or others who are not involved with your tax preparation.
- If you are sick or running a fever, you must reschedule your visit to our office. You could schedule a phone appointment in place of this. If so, please make arrangements to drop off your information, before your phone call appointment, and see our interview processes included with your annual letter.

Any questions or concerns, please call our office during regular business hours at 610-488-0295. Thank you for understanding. Stay safe and healthy.
